CECCON HANDED WTCR OSCARO DEBUT IN SLOVAKIA

"Italian promise replaces Gianni Morbidelli at Team Mulsanne. Partnering touring car legend Fabrizio Giovanardi in the Italian squad, Ceccon will drive a second Alfa Romeo Giulietta TCR by Romeo Ferraris in the Slovakia Ring triple-header from 13-15 July.

Kevin Ceccon, a winner in Auto GP, Formula 3 and GP3, will make his debut in the WTCR - FIA World Touring Car Cup presented by OSCARO in Slovakia this week.

The 24-year-old talent has been called up to replace Gianni Morbidelli at Team Mulsanne. Partnering touring car legend Fabrizio Giovanardi in the Italian squad, Ceccon will drive a second Alfa Romeo Giulietta TCR by Romeo Ferraris in the Slovakia Ring triple-header from 13-15 July.

Michela Cerruti, Operations Manager at Romeo Ferraris, said: "We are ready to welcome in our family a new member, Kevin Ceccon, a very promising young driver on the international scene, who has already proven his talent and professionalism in single-seater formula. To make his touring car debut immediately in the WTCR is a real challenge for him, but we believe in his potential."

Ceccon has pedigree in karting and single-seater racing, winning the Auto GP title in 2011 when he also became the youngest GP2 Series driver aged 17. He also has experience in the European Le Mans Series and Blancpain GT and took part in the Formula One Young Driver Test at Abu Dhabi in 2011 with Toro Rosso, becoming the youngest Italian to drive a Formula One car in public.

"I want to thank Romeo Ferraris and Team Mulsanne for this call," said Ceccon. "I wasn't expecting this chance as my 2018 on the sportive side was a very poor year so far. Being part of the FIA WTCR is a dream come true. I used to watch all the races on Eurosport and I've also commented once, but now I can't believe I'll be on track with them in Slovakia! It will be a hard challenge but I'm motivated to give 110 per cent of my potential to drive the Alfa Romeo Giulietta TCR by Romeo Ferraris."

PRESS RELEASE

4 JULY 2018

FULÍN, STUĐENÍČ GO WILD(CARD) AT WTCR RACE OF SLOVAKIA

For immediate release: 4 July 2018

FULÍN, STUĐENÍČ GO WILD(CARD) AT WTCR RACE OF SLOVAKIA

*Local drivers join all-season resort for Slovakia Ring showcase

*FIA ETCC champion Fulín gets chance to shine in Cupra TCR

*Experienced Studenčík in titre Volkswagen Golf GTI for home event

Local racers Petr Fulín and Andrej Studenčík have been handed wildcard status for WTCR Race of Slovakia next week, which signals the start of the second half of the inaugural WTCR - FIA World Touring Car Cup presented by OSCARO.

Fulín, from neighbouring Czech Republic, won the FIA European Touring Car Cup in 2017, while Slovak Studenčík has been competing since 1992 and has enjoyed stints in hillclimb, touring car racing and, more recently, sports cars. He also has experience working as an engineer and coach.

They will join the 25 all-season WTCR OSCARO drivers at the Slovakia Ring from 13-15 July with 41-year-old Fulín competing in a Cupra TCR under the Fulín Race Academy banner and Studenčík, also 41, armed with a Volkswagen Golf GTI TCR run by Brútal Racing.

Full speed ahead: European champion steps up

After winning the FIA European Touring Car Cup in 2017 having come agonisingly close to title glory in the two previous seasons, Fulín was quick to finalise his participation at WTCR Race of Slovakia as a wildcard.

"On one side it was difficult because we had to find the money but, on the other side, maybe it's the last opportunity for me to be inside WTCR together with great drivers like Yvan Muller and Gabriele Tarquini," Fulín explained. "They are not really old but they could soon decide to finish their career so I said I had to be there. Life is short and we have to enjoy it so we decided to race."

"Our goal is to enjoy the weekend and to have a nice experience. We know the track but we have the oldest car and will have 20 kilograms more inside for the wildcard handicap. Also, the competition will be very strong and [the last event is] Via Real, which shows that drivers are able to learn new tracks very quickly. That's why we are pushing everything preparing for the weekend. Maybe this championship could be something new for us for next season."

Fulín has been a regular in TCR Germany this season with a second place at Oschersleben and a victory at his home track, Most, to his name. He's also planning a TCR Europe appearance in Barcelona later in the year.

Studenčík brings experience to WTCR OSCARO

Joining Mato Homola as the second Slovakian driver on the WTCR OSCARO grid next week, Andrej Studenčík has enjoyed significant successes over the years in hillclimb and circuit racing. Starting out as a 16-year-old, Studenčík has sampled a wide variety of machinery from a ŠKODA Favorit to a Ferrari 498 GT3. His most recent triumph came at the Slovakia Ring in 2016 when he won the track's 24-hour event in a SEAT León TCR.

"Thanks to Mato Homola we got an offer from the WTCR OSCARO promoter to sign up for the WTCR Race of Slovakia," Studenčík explained. "We a team we race in TCR Europe and TCR Middle East. Because of my vast racing experience, the team decided to line me up for the occasion."

"Our Brútal Racing Team owns two Volkswagen Golf GTI TCR cars and I coach our two drivers. I've only driven this car for a few dozen kilometres, which is very little compared to the WTCR competition. I do have a bit of racing experience, but not with this type of touring car. I hope the two free practice sessions will be enough for us to set up the car and get a clearer view."

"Naturally we have ambitions, without them we wouldn't be racing at all. However, I have no clue how well it stands up to the experienced competition."

The wildcards so far

A maximum of two wildcards per event are being given the opportunity to race in WTCR OSCARO in 2018. Championship promoter European Events, with the approval of motorsports world governing body, the FIA, will select candidates based on performance at national level, their potential as future full-time WTCR drivers or if their participation has the potential to attract additional interest from fans and media. So far the following drivers have enjoyed wildcard status:

WTCR WILDCARD FULÍN FIGHTS TO FAIRY TALE FIFTH

July 17th, 2018 | 2018, WTCR Race of Slovakia 2018

Petr Fulín called on all the skills he used to win the FIA European Touring Car Cup in 2017 when he came through from P16 to fifth during his WTCR OSCARO debut in Slovakia on Sunday.

Czech Fulín was competing in the WTCR - FIA World Touring Car Cup presented by OSCARO as a wildcard and impressed in his Cupra TCR, eventually coming within half a second of a place on the podium in Race 3.

"I am massively satisfied with the result," said the Fulín Race Academy driver. "Since the first practice it was clear we had to get used to new tyres and the whole atmosphere of the World Cup. During the weekend, we were our set-up and struggled with tyres. I must say we were helped by the incident in the beginning of Race 3. But thanks for the entire team, it was a great fight and we really had to fight for this fairy tale, for this happy end."

Meanwhile, Slovak wildcard Andrej Studenčík took, who was racing a Volkswagen Golf GTI TCR for the first time, the weekend best of P13 in Race 3.

WTCR mit Spektakel in die Sommerpause

Von Rob La Salle - 15.07.2018 19:41

Drei Rennen und drei Sieger – darunter zwei Neulinge auf dem obersten Platz auf dem Podest – machten den WTCR in der Slowakei zu einer abwechslungsreichen Angelegenheit.

Bei der sechsten von zehn FIA-WTCR-Runden konnte der Spanier Pepe Oriola seinen ersten Sieg und damit auch den Premierenfolg für einen Cupra TCR einfahren. Almeister Gabriele Tarquini (ITA) zwangte sich mit seinem Hyundai i30 N TCR in Bestform, holte die Pole für Rennen 1 und den Sieg im zweiten Rennen.

Und im überaus turbulenten dritten Rennen feierte mit Hyundai-Pilot Norbert Michelisz ein weiterer Pilot seinen ersten WTCR-Erfolg. In der Slowakei endete auch die europäische Saison des Weltcups, die ihren Höhepunkt beim 24h-Rennen im Mai auf der Nordschleife hatte. Bis Ende September geht die Serie in Sommerpause und wird dann im chinesischen Ningbo den Saisonendsprint einläuten.

Gabriele Tarquini győzelmével ért véget a második verseny a túraautó-világkupa (WTCR) szlovákiai versenyhétvégéjének második futamán. A második a fordított rajtrács miatt a pole pozícióból induló Nagy Norbert lett, aki első dobogós helyezését szerezte a sorozatban. A harmadik helyen Yvan Muller végzett. Michelisz Norbertet több pozíciót javítva a hetedik helyen intette le a kockás zászló.

Rob Huff klagt nach "schrecklichem" Wochenende über BoP

Nachdem die Volkswagen Golf GTI TCR bei den WTCR-Rennen in der Slowakei chancenlos waren, fordert Rob Huff grundlegende Änderungen an der BoP

(Motorsport-Total.com) - Die Balance of Performance sorgt im Tourenwagen-Weltcup (WTCR) zunehmend für Diskussionen. Nachdem die Volkswagen Golf GTI TCR am vergangenen Wochenende bei den Rennen auf dem Slowakianing gradenlos hinterher gefahren waren, fordert Rob Huff die Organisatoren auf, die Einstufung der Autos grundlegend zu überarbeiten

18.07.2018 (Speed-Magazin.de) Obwohl er die Gesamtwertung des von OSCARO präsentierten FIA Tourenwagen-Weltcup WTCR anführt, wird sich Gabriele Tarquini nach der Sommerpause in China in der Rolle des Jägers wiederfinden.

Nach einer Berührung mit Benjamin Lessennes im dritten Lauf der WTCR-Rennen der Slowakei erhielt Tarquini eine Startplatzstrafe. Daher wird er beim ersten Lauf der WTCR-Rennen von China-Jingpo am 29. September mit seinem BRC Racing Hyundai i30 N TCR um fünf Plätze zurückversetzt.

Der Italiener Tarquini, der wie auch Lessennes nach dem Zwischenfall aussteigt, sagt: „Ich war mitten im Feld, es war immer schwierig, ich den Abstand und das Tempo zu kontrollieren. In Kurve 2 gab es eine große Gruppe von Autos. Lessennes war innen und wäre in der sehr schnellen Kurve fast umgedreht worden. Von hinten schlossen einige Fahrer auf, und kurz vor der Bremszone wurde ich angesprochen. Ich habe dann sein Auto berührt“, welches dann in zwei andere gerutscht ist. Dabei ging mein Auto kaputt.“

Boutsen Ginion Racing Honda Fahrer Lessennes sagt: „Ich habe ein gutes Ergebnis verloren. Mein Start war okay, dann bin ich gut durch Kurve 1 gekommen und habe auf dem Weg in Kurve drei einen Platz gutgemacht. Als ich gebremst habe, wurde ich von hinten von Gabriele Tarquini berührt. Damit war mein Rennen vorbei. Ich bin enttäuscht, denn ich war mir sicher, dass ich noch weiter nach vorne fahren kann.“

Tarquini nyerte a második szlovák futamot, Nagy Norbert a második

2018. július 14. | Föld: Károly István

Gabriele Tarquini nyerte a WTCR második szlovák futamát, szét pedig újra átvette a vezetést a portversenyben. Idén először ünnepelhetem dobogós helyezést Zengő Motorsport Nagy Norbert névén, aki végül versenyt tartotta maga mögött Yvan Muller.

A verseny előtt landolhatott turbó problémák miatt történtek három versenyt, ezáltal Norbertnek voltak. Zengő Motorsport, Tom Coronel és Benjamin Lessennes közötti ellenfeletámadás a második, így a három versenyt az időmérő megkezdésétől posztójából rajthoz látták. Tom Coronel viszont nem tudott részt venni a futamon, mert a kivezetés során kiderült a lengéscsillapítója.
